

Losing a member of the older generation reminds us how important heritage stories are to our family identity. “I wish I could ask grandpa if he ever played an instrument....”

- We want to ensure that you and generations to come can relive major family events, funny and serious, as well as the simple moments that connect you as family and define your family culture.
- We believe stories are a way to influence future generations. Storytelling helps take the family heritage given to you, or which you begin, and pushes that **heritage** forward toward **legacy**.

Maybe nothing is more important than that we keep track...of these stories of who we are and where we have come from and the people we have met along the way because it is precisely through these stores...that God makes himself known to each of us most powerfully and personally. If this is true, it means that to lose track of our stories is to be profoundly impoverished not only humanly but also spiritually.

We love to share this vision. If you would like to host a gathering, or have any questions, please contact Mary Kline at MaryByrneKline@gmail.com.

FOOD & FELLOWSHIP

H2L event hosts provide the following:

- Light refreshments
- Name tags
- Pens/pencils
- A display table for books

We share family heritage stories that will inspire you to begin telling your own family storytelling adventure.

Easy and unique examples are given so that everyone attending will leave empowered to begin collecting H2L treasures.

BEGIN TODAY... YES, TODAY

You can do it - we promise. We begin with a children's book to launch a legacy story. Every year we share ten themes help prompt family memories. Feel free to follow us online as we write our stories together - or - you may already have your first H2L story ready to write, based on a memory from childhood or a story retold again & again whenever family gathers.

The fellowship is sweet as we share and inspire and share some more...

Food? From homemade milk & cookies to a Christmas feast...

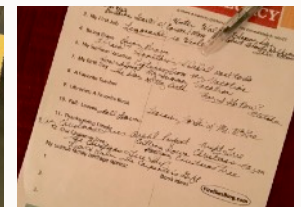

WE WILL SHOW YOU HOW

While we are sharing examples and story starters, you will be given opportunity to brainstorm and begin your own collection of memories that will hopefully turn into legacy stories that your family will treasure for years to come.

We hope to meet you soon...
online or at an upcoming H2L event.
